office note &
with / Columns for orders is prepared & put as personally directed.

1) The Gazette cannot be made entirely self-supporting unless the subscn is fixed absolutely with reference to cost and payment is demanded for all matter published. Whether these things can be done or not the subscn will be much higher & cost is distributed between the 52 issues and each copy charged a proportionate part such charge. Nor for all the matter published can payment be demanded. Some of the matter published is Govt's matter which Govt is interested in publishing or may undertaken to publish or which is required by the law to be published. Some part of the total cost must therefore be considered as due to the publication of such matter and any attempt made to render it self-supporting must be considered with this reservation.

4) The Compiler's proposals to raise the receipts seem to deserve favourable consideration. A Statement showing the proposals item by item and

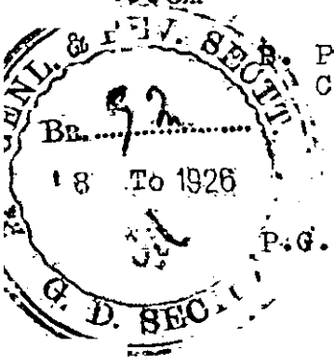
Office of the Compiler,
" Mysore Gazette,"
BANGALORE, DATED, 16th FEBRUARY 1926.

From

R. Puttaiya, Esq., B.A.,
Compiler, Mysore Gazette,
BANGALORE.



P.G. D'Souza, Esq., B.A., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

With reference to para 6 of G.O.No: G. 2306-55/P.&.S. 24-25-3, dated the 2nd November 1925, desiring that the possibility of effecting economies in expenditure and improving the receipts in connection with the Mysore Gazette may be investigated, I have the honour to state as follows:-

A summary of the Chief measures recently passed by Government with a view to improve the finance of the Mysore Gazette may be useful in the consideration of this question and I therefore beg leave to refer to them briefly here.-

Prior to January 1919, the subscription for the Gazette, English or Kannada, was only Rs. 3-8-0 per annum and subscriptions were being received for periods of 3, 6 or 12 months but there was no provision for levying subscription by parts. By G. O. No: G. 12402-3/P. &. S. 1-18-82, dated the 23rd December 1918, the subscription was raised to Rs. 8/- per annum, and facilities were given to the public to subscribe for the Gazette by parts. At the same time, however, it was ordered that subscription should no be received for any period less than a year. In 1922, with a view to further improve the finance of the Gazette, the subscription was again raised from Rs. 8/ to Rs. 12/- per annum, the rates of postage were doubled, the rates for publication of private notices and advertisements were enhanced and the concession till then enjoyed by Shanbhogs, Patels, Nad-Patels and Sheikdars of receiving the Gazette at half-rates was withdrawn. (G. O. No: E. 1310-70/P.&.S. 37-22-1, dated the 22nd August 1922). On representations being

made that this last measure was prejudicial to the interests of the village officers, the concession was revived in G. O. No: E. 1892-1902/P.&.S. 12-23-13, dated the 8th December 1923. Members of the - - Representative Assembly have for a long period enjoyed the concession of receiving the Gazette at half-rates but in G. O No: B. 6348-420/R.A. 40-23-1, dated the 20th May 1924, the free supply of the Gazette to the R. A. members during their tenure as such members was sanctioned.

The Gazette receipts comprise the following three viz.,-

(1) Subscription for the English and Kannada editions of the Gazette,

) Advertisement charges received from private individuals and from Courts in Insolvency and Miscellaneous cases and publication charges received from local Boards and Municipalities a n d

) Sale of Gazette copies.

ond of these items, forms the bulk of the Gazette receipts be seen from the fact that out of a total amount of 1-14-8 received during the year 1924-25, as much as -9-8 or nearly 74 per cent was realised from advertisement lication charges, wnile only a sum of Rs 2,958-12-9 or cent was realised from subscriptions while the amount d by the sale of Gazettes was quite negligible being only Rs 8-9-0.

I submit for the information of Government, a statement showing the amounts realised under the three sub-heads during each year from 1917-18 the last year in which the Gazette subscription stood throughout at Rs 3-8-0 per annum upto 1924-25. The statement will also explain the financial results of the several measures that have been sanctioned by Government. The receipts under advertisement and publication charges have gone on steadily increasing and have risen from 1955-10-4 in 1917-18 to 8344-9-8 1924-25 or nearly 4½ times. The receipts under subscription of the English edition show a small but steady increase though

falling far short of the amount that might have been expected from the enhancement of the subscription. As the subscription has been raised from Rs 3-8-0 to Rs 12/- and is 3½ times what it was formerly, a revenue of at least 3 times the original amount could have been anticipated after making allowance for some reductions on account of the facilities allowed in subscribing for parts, but as a matter of fact, the receipt under this head Rs 2,447-12-0 in 1924-25 against Rs 1,226-13-0 in 1917-18, ie. ly twice the original amount. This is due to the fact that e enhanced subscription has led to a fall in the number of bscribers, which has been steadily falling from 504 in 1918-1 296 in 1924-25, and also to the fact that the free supply nctioned to Representative Assembly members amounting to 70 glish and 164 Kannada copies has also removed from the list o bscribers a number of persons who were formerly contributing ther full or half subscription, as the case might be. The me causes have operated much more powerfully in the case of e Kannada edition under which there has been a serious decrea receipts which sets off the improvement under the English lition. The receipts under this head have fallen from 972-15-0 in 1917-18 to Rs 511-0-0 in 1924-25, while the number subscribers has fallen from 520 in ~~English~~ 1917-18 (when it s actually higher than the number for the English edition)

A study of these figures will show that the chief reason for the small increase in the receipt of the English edition an the abnormal decrease in those of the Kannada edition is the sudden enhancement of the subscription from Rs 8/- to Rs 12/- which was effected in 1922 just four years after it had been increased from the rate of Rs 3-8-0 which was in vouge for a lon time, and to the free supply ordered to the members of the Representative Assembly who almost all of them, except a very

nall number as indicated by the figures, have prefer
ake the English edition which is full and costly to
nd discard the Kannada edition which does not contai
atter as the English and therefore to produce.

In these circumstances, I beg to submit the follo
roposals for your kind consideration:-

the
Subscription of/Kannada edition of the Gazette may be reduced to the former leve of Rs 8/- per annum so as to bring it with the reach of a larger section of the public. The subscription of the English edition may remain at Rs 12/- as at preser as there has not been such a serious fall in the number of subscribers as in the ca of the Kannada edition, which should show that the public appreciate the English edition and are prepared to invest their money on it.

The existing facilities which permit c subscribers getting only parts of the Gazette may be continued but the old rule under which subscription could be receive for fractions of a year may be revived wi the modification that subscriptions may b accepted only for six months or a year, s that as many subscribers as possible may induced to take advantage of these opport

The free supply of Gazette to the R. A members may be discontinued and the forme practice of supplying them with the Gaze at half-rates may be restored. The fre supply to the Libraries and reading room has been discontinued with effect from 1 January 1926, in G. O. No: G. 2694/P.&.S 14-25-9, dated the 27th October 1925. reduction in the subscription of the Kannada Gazette from Rs 12/- to Rs 8/- may induce some of these institutions to com forward and subscribe for the Gazette.

The Kannada edition of the Gazette ma be made more complete and remunerative. I beg to invite your kind attention to t last para of this office letter No: 897, dated the 22nd May 1924, submitting proposals in this direction. Unless th Kannada edition is made as complete and full of matter as the English edition, i will not attract subscribers and people will be chary of investing their money o the Kannada edition in which important m hardly finds place or if it does, it is too belated.

The free supply of the Gazette (both English and Kannada) to Government offic

may be discontinued, the offices being required to pay the subscription by book transfer from their contingencies. I have already explained in my letter No: 704, dated the 23rd February 1924, that the loss incurred on the Gazette is in a great measure due to the large number of free supplies made to Government offices. This free supply which amounte to 760 English copies and 200 Kannada copies in 1917-18 has now risen to 979 English and 405 Kannada copies respective As the majority of these supplies are those made to Government offices, it woul be reasonable to ask them to arrange for adjustment of the cost of the Gazette supply by books transfer. This would result in an appreciable increase in the receipts of the Gazette.

The rates for publishing of notices by private parties may be doubled so as to be in line with the enhanced rates now levid for Court notices in Insolvency and Miscellaneous cases. In this connection, I beg to invite your kind attention to the correspondence ending with General Secretary's letter No: E. 3291/P.&.S. 37-22-5, dated the 13th November 1922, stating that the question of doubling the rates for private advertisements may, if necessary, be raised next year in the light of one year's working of the new order permitting private advertisements in Kannada also. As the arrangement has been working for over three years and the Kannada edition of the Mysore Gazette is being increasingly resorted to by the public as a medium for publication of private advertisements, I am of opinion t the time is opportune to sanction the enhancement of the rates of publication which may be fixed at Re: 1/- for the first insertion, annas 12/- for the secon insertion and annas 8/- for the third and subsequent insertions.

As regards reduction of the expenditure incurre azette, this can be effected by reducing the quanti atter sent for publication. Indiyidual offices ma equired to exercise strict supervision over the matter sent or publication and to confine publication only to the most ssential matter. Although Circulars have been issued by overnment from time to time that matter received for ublication in the Gazette should be published only once in extenso in the Gazette and in abstrct in further issues if

›ésary, it is found by experience that special requisition
› being frequently received from the Secretaries to Governm
l the various heads of departments for the publication of t
tifications and other matter sent by them in more than one
sue in extenso; and these exceptions are ~~going~~ growing more
l more frequent. The publication of such matter in extens
a number of issues entails extra cost for paper. It ma
›refore be made an invariable rule that all matter of whate
ıd except that which is required by law to be published in
ssues should be inserted only once in extenso and that onl
abstract thereof should be published in subsequent issues.
the purposes of publication will be fulfilled by the
›lication of the abstract notification in succeeding issues
›reby attention is invited to the previous issue where data
› published.

In the matter of spare copies, a number of departments
cially the Education Department, has been indenting on th
s for a large number of spare copies of the notifications
for publication. The Education Department has been
orised in G. O. No: G. 6578/P.&.S. 5-24-41, dated the 23r
uary 1925, to get as many copies of education notificatio
ther education matters as are required for distributing t
ols printed ~~in~~ at the Press. The printing and supply of su
rge number of spare copies involves extra cost in printin
paper and adds to the cost of the Gazette production. I
therefore be laid down that only in the case of spare cop
00 or less should the supply be made free and that in all
s where more than 100 spare copies are wanted, the
rtments concerned should pay the cost of printing and
lying the spare copies, the publication in the Gazette
g done free as hitherto.

commend themselves to Government and are carried out, they will result in considerable improvement in the Gazette and Gazette ~~subscription~~ Receipts

I have the honour to be.

Sir,

Your most obedient servant,

Statement showing the proposalsof the Compiler for improving the finances of the Mysore Gazette.

Compiler's proposal.	Note for orders.
1.For improving the Receipts.	
1.Subscription to Kannada Edition be reduced from Rs.12/- to Rs.8	The Kannada Gazette had never a very large number of full rate subscribers. It was 59 in 17-18 and is now 33. The number of concession rate subscribers which stood at 461 in 17-18 has fallen to 48 in 24-25. The noticeable fall is attributable to the increase of subscription also and to Representative Assembly Members being now supplied with the Gazette free. The reduction of rate may be tried. I agree
2.Subscriptions may be accepted for half years also.	May be tried. I agree
3. Free supply of Gazette to R.A. Members may be discontinued and the old practice of supplying the Gazette to R.A. Members at ½ rates may be revived.	This may not be possible I don't see how free supply for the Gazette to R.A. members. If so all members for containing matter order 2 for may be supplied with free : and the new book at half rate
4.The Kannada Gazette may be made more complete and remunerative to the buyer.	The Compiler's proposals of 22nd May 1924 (referred in the paper under disposal) are nothing but those indicated in G.O.No.E.1310-70/ P & S.37-22-1 dated 22-8-22. All questions relating to the improvement of the Gazette were considered in detail in P&S 26/23 and kind reference is invited to the notes there in and the Member's minute and Dewan's orders on page 18 of the notes.

he free supply to overnment Offices ay be discontinued nd the offices sked to pay subs-cription by book trans fer from con-tingencies.	This may be done as it will ndicate the financial posi-tion of the Gazette more correctly. The number of copies supplied to Government Departments is about 910 English and 340 Kannada. If the subscription for these is obtained by debit to departmental budget grants the realisations would amount to Rs.15,000 extra (i.e.) in all about Rs.26,300/- Kind reference is invited in this connection to Member's inute in P.& S.File No.26-23.
6. The rates charged for the publication of notices by private parties may be doubled.	This is an item which was reserved for later considera-tion when the Gazette was last improved in 1922.(Vide P & S.37/22). The increase proposed may be adopted.

B.Reduction of Expenditure.

It may be made an invariable rule, that all matter, except those re-quired by law to be published in 3 issues, should be inserted only once in extenso and only abstracts thereof appear in subsequent issues.	Such a rule already exists. The Compiler may where the rule is infringed ask the department concerned to obtain the permission of the Chief Secretary to Government before repeating matter extenso.

3.Departments may be asked to pay for spare copies of matter published in Gazette when more than 100 copies are required.	. The cost of printing x. spare copies needed for departmental requirements is a legitimate charge not on the Gazette but on the Press. The cost of printing spare copies should not be charged to the Gazette. There is a Government Order authorising the Superintendent to bring to the notice of Government requisitions for any unusually large number of spare copies. He may be asked to give effect to it. (vide P & S. File No.5 of 22 serials 1 to 5.

Proceedings of the Government of
H.H.the Maharaja of Mysore.

Read:-

Correspondence ending with letter No.654 dated 16th February 1926 from the Compiler, Mysore Gazette, submitting proposals in regard to improving the receipts of the Mysore Gazette and reducing expenditure thereon.

Order No. G 29/5-6 /PRS 44-25-2

Dated Bangalore, 13th September. 1926.

The following are among the proposals made by the Compiler:--

(i) Subscription to the Kannáda Edition may be reduced from Rs.12/- to Rs.8/- so as to encourage a larger number of subscribers to take it.

(ii) Subscription to the Gazette may be accepted for half years also in future.

(iii) The rates charged for the publication of matter in the Gazette by private parties may be increased.

(iv) The free supply of the Gazette to Members of the Representative Assembly ~~Members~~ sanctioned in Government Order No.P.6348-420/R.A. 40-23-1 dated 20th May 1924 may be discontinued and the old practice of supplying the Gazette to these members at half rates revived.

(v) All matter, except that required by law to be published in three issues of

the Gazette, may be inserted only once in extenso and only abstracts thereof appear in subsequent issues.

2. Government approve of the suggestion regarding the reduction of the subscription the Kannada Edition of the Gazette and permitting subscription to the Gazette for half a year at a time.

3. The rates for publication of matter by private parties may be increased by 50% and the result reported to Government after six months.

4. Government consider that the present practice of supplying free copies of the Gazette to Members of the Representative Assembly requires no change.

5. As regards the suggestion that matter not required by law to be repeated, need not be repeated in extenso in the Gazette Government observe that such a rule already exists and direct that, where the rule is infringed, the Compiler may ask the Department concerned to obtain the permission of Government to the repetition.

Chief Secretary to Govt.

5. 95 this to be placed on Press Table

WDS 14/9 Gazette 15/9

MS 9/9

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:-

Correspondence ending with letter No.654 dated 16th February 1926 from the Compiler, Mysore Gazette, submitting proposals in regard to improving the receipts of the Mysore Gazette and reducing expenditure thereon.

Order No. G 2915-6/Ps 44-25-2

Dated Bangalore, the 13th September 1926.

The following are among the proposals made by the Compiler:--

(i) Subscription to the Kannada Edition may be reduced from Rs.12/- to Rs.8/- so as to encourage a larger number of subscribers to take it.

(ii) Subscription to the Gazette may be accepted for half years also in future.

(iii) The rates charged for the publication of matter in the Gazette by private parties may be increased.

(iv) The free supply of the Gazette to Members of the Representative Assembly sanctioned in Government Order No.P.6348-420/R.A.40-27-1 dated 20th May 1924 may be discontinued and the old practice of supplying the Gazette to these members at half rates revived.

(v) All matter, except that required by law to be published in three issues of the Gazette, may be inserted once in extenso and only abstracts thereof in subsequent issues.

2. Government approve of the suggestions regarding the reduction of the subscription to the Kannada Edition of the Gazette and permitting subscription to the Gazette for half a year at a time.

3. The rates for publication of matter by private parties may be increased by 50 per cent and the result reported to Government after six months.

4. Government consider that the present practice of supplying free copies of the Gazette to Members of the Representative Assembly requires no change.

5. As regards the suggestion that matter, not required by law to be repeated, need not be repeated in extenso in the Gazette, Government observe that such a rule already exists and direct that, where the rule is infringed, the Compiler may ask the Department concerned to obtain the permission of Government to the repetition.
